**ANNEXURE - I FOR PURCHASE ORDER NO. PO220900602 DATED - 08.09.2022**

SL NO	DESCRIPTION	UOM	QTY	RATES	AMOUNT
A	Oil Tank Accessories : - ( Qty and other details as per attached annexure ) a. Existing oil tank will be used as it is. b. Air Breather (Qty: 03 Nos) will be supplied. c. Increment in height of existing oil tank to be done by JAL team. d. Piping will be done based on the position of new tank top plate. (TTP) e. The tank cutout closure plates will be supplied by PSPL. f. Necessary piping, fittings, hoses will be provided for the above unit	Set	1	560000	560000
B	Pump motor assembly : - ( Detailed scope, quantity as per attached annexure ) a. Electric motor (Siemens / ABB make) of 110 kW (150 hp) each, Qty: 04 Nos (Jindal Scope) b. Main pump (Rexroth Make) with Proportional control (250 cc/rev @ 990 rpm) each, Qty: 04 Nos (Jindal Scope) c. Pump-motor Coupling and bell housing, Qty: 04 Nos (Jindal Scope) d. Pump-motor Skid for mounting the above Pump Motor assembly (Jindal Scope) e. Inlet and outlet pipes & flexible hoses along with ball valves will be in PSPL scope. f. Suitable pressure line filter will be provided for above main pumps which is in PSPL scope.	Set	1	1200000	1200000
C	Offline filtration cum cooling unit :- ( Detailed scope, quantity as per attached annexure ) a. Electric motor (Siemens make) of 30 kW (40 hp), Qty: 01 No b. Fixed delivery pump (Veljan make) of about 800-1000 l/min, Qty: 01 No c. Pump safety block, Qty : 01 No d. Offline Filter (Hydac make) not included in price - Scope of supply will be decided e. Plate type Heat Exchanger (Varalka make), Qty: 01 No f. Pump motor assembly will be mounted on the existing tank. g. Necessary piping, fittings, hoses, etc. will be provided for the above unit	Set	1	950000	950000
D	Pump motor assembly for pilot pressure, container sealing, loader or Auxiliry unit : - ( Detailed scope, quantity as per attached annexure ) A. Pilot pressure pump motor unit a. Electric motor (Siemens) of 30 kW (40 hp), Qty: 01 No b. Variable delivery pump (Rexroth / Oilgear Make) (80 lpm @ 150 bar), Qty: 01 No B. Container Sealing pump motor unit a. Electric motor (Siemens) of 18.5 kW (25 hp), Qty: 01 No b. Variable pump (Rexroth / Oilgear Make) (40 lpm @ 240 bar), Qty: 01 No C. Loader / Auxiliary pump motor unit c. Electric motor (Siemens) of 30 kW (40 hp), Qty: 01 No d. Fixed pump (Rexroth / Veljan / Oilgear Make) (160 lpm @ 90 bar), Qty: 01 No The above Pump-motor assemblies will be mounted on the Fabricated Skid. Separate ball valve with limit switch will be provided for each pump along with necessary piping, fittings, hoses, etc.	LS	1	1150000	1150000

<p>New Manifold blocks for :- ( Detailed scope, quantity as per attached annexure )</p> <p>a. Four Pump Diverter block  b. Pump safety blocks for Pilot Pressure, Container sealing and Loader pumps  c. Main Ram Control Block  d. Container Sealing, Butt Shear, Die Slide Block  e. Billet Loader block (Up/down and forward and / reverse movement only)  f. Accumulator with safety valve block for Pilot pressure pump.  Manifold block assembly, consists of –  a. Manifold block (Material C-45).  b. Cartridge valves with covers (PSPL / Polyhydron make)  c. Solenoid operated DC valve (Rexroth make)  e. Solenoid voltage will be 24V DC.  f. Fittings and couplings (Hyloc make)  g. 1 set of spare seal kit for each valve will be supplied along with manifold blocks.  h. 1 set of spare cartridge valve and its covers for manifold block will be supplied along with manifold blocks.</p>	Set	1	3200000	3200000
<p>Hydraulic cylinders and its accessories, Prefill Valve and control block and Complete Electrical Control Panel with MCC, PLC and Operator Desk in JAL scope. All the Electrical control panels, Position sensor, MCC Panel, PLC Panel with PLC programming, its wiring and proper functioning will be done by JAL team.</p> <p>Jindal scope of supply,</p> <p>1) Hydraulic oil and Oil Tank with tank accessories like level indicator, switch, temp switch etc.  2) Hydraulic cylinders and its piping, fittings, flanges etc.  3) Prefill Valve with control block and its piping, fittings, flanges etc.  4) Electrical Control Panel, MCC panel, PLC and its programming  5) Electrical wiring for complete system  6) Supervision of Installation &amp; Commissioning activity by PSPL (1 Hydraulic + 1 Welder)  7) Installation and commissioning  8) Power wiring and wiring from Panel to the source  9) Site commissioning spares  10) Any other item or sale condition, which is not specifically mentioned in this quote</p>				
Packing charges	LS	1	50000	50000
GRAND TOTAL ( Rupees Seventy One Lacks Ten Thousand Only )				71,10,000
<b>TERMS &amp; CONDITIONS : -</b>				
PRICE BASIS : EX - WORKS - Belgaum ( Jindal will arrange their own transport once material is packed and ready for dispatch )				
PAYMENT : 50% with 100% tax against readiness of material / inspection at PSPL by Jindal. 40% ( Basic ) payment within 7 days from the date of receipt of material at JAL ( Bhiwadi ), 10% After successful installation & commissioning against submission of PBG basic value valid for one year from the date of commissioning.				
DELIVERY : All Manifolds and accessories within 4 to 6 weeks from the date of receipt of Purchase order, bal items in 14 to 16 weeks.				
PENALTY : 0.5% per week for delay for delivery beyond 18 weeks from the date of receipt of order				
WARRANTY : One year from the date of commissioning or 18 months from the date of receipt of material which ever is earlier				
<p>1. Required cranes, hydra and lifting equipments are in JAL scope</p> <p>2. You will depute one welder and one supervisor in advance for making arrangements of piping and other accessories well in advance.</p> <p>3. Scope or work, inclusions and exelusions as per the attached annexure</p> <p>4. Set of spares will be supplier along with above as per indicated in the attached annexure</p> <p>5. All the required electcial PLC panels with programme, MCC panel, motors for Main Pumps, Axial Piston pumps, proportunal valves, cards, pipes for manifold to cylinders, hydraulic cylinders and its accessories, required wirings, Hydraulic oil, are in JAL scope.</p> <p>6) Required spares and other accessories apart from the bill of materials are extra and in JAL scope.</p> <p>7) ESI / PF - JAL ACCOUNT, you need to provide necessary documents of your engineers to our personal department for records purpose.</p> <p>8) Lodging and boarding during the commissioning will be provided by JAL free of cost in staff catagory accomodations.</p> <p>9) All PPE safety norms should be followed during the working on site</p> <p>10. Inspection :-  Jindal will depute our representative for inspection of equipment at PSPL plant before dispatch. In case of Third Party Inspection, the expenses will also be born by Jindal.</p>
