Approval Note

Sub: Approval for rate increase for staff bus

As you know about the frequent attempt by R.P& C.L Building Contractor Bhiwadi for an increase in their monthly charges on Bus Rates. They have been appointed at fixed monthly charges of Rs.30,000, . They have never had a complaint until now.

As you are well aware, fuel (CNG) prices are on the highest peak nowadays. There is nothing they can do about that, however, it only makes sense that, in turn, the bus rates should also increase. They told us that they spend more and more on fuel (CNG) but they are still making the same amount they made when they first started.

As a result, respectfully they are asking that the bus prices be raised as it is getting harder and harder to earn a living wage due to the amount they are spending on fuel and others also.

They are asking for an increase of Rs.25 Thousand per month , which we may further negotiate and minimize upto maximum. We are receiving quotes from other transporters but all are asking higher compared to our existing transporter & just to maintain our business relationship, we may think of the request of price increase by them and close this by taking immediate decision on this. The increase rates will be applicable from August 2022.

Other transporter rate received. Detail as below.

Transporter Name	Rate
Naveen Travels Bhiwadi	76500
Rajesh Travels Bhiwadi	55000

This is for your kind consideration please.

Propose contract for 16 seater note is 25 sent

Regards

Mahesh Kumar Garg
