Dear Sir,  
As per your requirement for oil chiller - 1.5TR. for oil -cooling  
50L tank.  
This is our best quote with technical details of the machine.

#### Technical details - Oil chiller 1.5TR

Compressor : Copeland make s ( cr-32) three phase R22 gas  
Cooling coil : PHE kalvin make  
condenser : Grooved copper 4 row dual circuit  
Dryer : Emerson  
Expansion valve : Danfoss make/ or capillary  
Fan motor : smart ( Axial fan type motor ) 1no each unit 450 mm Dia  
Sheet metal : Cnc punching sheet metal 1.5mm sheet CRC with  
powder coating 7032 colour code  
oil circulation pump : gear pump 20 LPM  
oil circulation motor : 1 hp crompton /Havells make  
Micro processor based Temperature controller : subzeromake for  
special for chiller unit dual temp sensor  
Oil inlet and out connector size : 3/4inch for input and 3/4 inch for  
output

**Electrical control box :** ,MCPA, (schenider make )and fuse box  
,single phase preventer ,contactor ,over load protection and fault  
indicator and high-low pressure switch for compressor safety  
Power connection : 3 PH +N  
Power consumption : 5.5 Amp phase to phase  
Cable required : 4mm Sq. 4 core  
power source :415 v with neutral  
Dimension :950x500x650mm(dimension may vary )

**Our best price for single unit 2 ton- 125000/- + GST  
18% + Installation extra 4500/- + Transportation extra**  
NM NM

Payment terms : 100 % advance along with Purchase order  
Delivery time : 4-5days. Deliver after receiving the payment and  
purchase order

Please note :civil, plumber work,external connecting pipe and  
connector for oil chiller to machine and electrical connection scope  
will be given by you .

With Regards
