Dear Sir,

It is not possible to fit width of 260 mm, as it will be too big and design won't suit it.

Current stretch film roll dimensions are as per European standards

 Subject: Re: Details of material for Orbital Wrapping Machine

Dear Mr. Ravi,

Technical specifications of Strapping Machine are OK but for Fully automatic Orbital Wrapping Machine the LDPE roll size (Core ID-75 mm, OD-upto 150 mm, width-100-150 mm) are ok.
 The Wrapping Machine should be able to work with LDPE Roll size ID: 70mm, OD: 225mm, W: 260mm.
