## QUOTATION

Model No.	Description	Amount
DM/MET-III	METALLURGICAL MICROSCOPE	Rs. 2,45,000.00

offer for NEW

*MET* Metallurgical Laboratory Microscope is used for identification and analysis of the structure of different metals and alloys. The series is easy to use, versatile and technologically advanced – that's DM micro series no. matter what the application is biological, metallurgical or scientific. The MET micro series is a powerful research tool which lets you observe records and classify your findings. The combination of software, camera and simplicity in programming is the best choice in photomicrography.
