Dear Sir,

This was discussed and released based on the fresh offer received for our revised changes. Approval of the same is obtained and attached for your kind reference and approval. Based on the revised order, the party supplied the weighbridge.

Best Wishes,

Rajgopal. C. Sarda.

Dear Sir,

For 16 x 3 meter bridge offered for Rs.9,50,000/- + GST and approx weight of the weight indicated 11500 Kgs
For 18 x 3 meter bridge offered for Rs.10,50,000/- + GST and approx weight of the bridge indicated 13000 Kgs
Price difference is for the additional material of 1.5 tons and it is justified if we consider steel and fabrication cost @ Rs.82/- per kg.

Further other suppliers received offers on the higher side as below and attached CC.

- 1) ESSAE DIGITRONICS OFFERED RS. 13/- LACKS with platform size of 16 x 3 meters
- 2) RICE LAKE WEIGHING SYSTEMS RS.15.25/- LACKS with platform size of 18 x 3 meters

Best Wishes,

Rajgopal. C. Sarda.

Dear Sir,

We had received a weighbridge requirement for our Bhiwadi unit. Initially M/s. Ashoka Metal Works offered Rs. 9,50,000/- + GST 18% with the platform size of 16 x 3 meters (Approx 52'.6" long & 10ft wide) and we have confirmed to the supplier accordingly by releasing the letter order. But after personal discussion and considering the long vehicle movement / weighing like containers and other trailers we have decided to go for a longer length platform weighbridge and released the order as per their revised offer with the platform size of 18 x 3 meters (Approx 60 feet long & 10 feet wide). Both negotiated offers attached with details for your reference and approval.

Hence your approval requested to clear the bill and release the balance payment.

Warm Regards,

Rajgopal C. Sarda.
