Attachments: Comparison.pdf; Offer & technical detail - Ceramic Bown 5 & 7 Inchs.pdf

Dear Sir,

Our regular vendor for ceramic bowl & form filter is M/s. AdTech Metallurgical, they used to supply us 23" for Bangalore unit but 5" & 7" are new requirements hence they have added moulding cost as well. Attached is the lowest price that we could get from the existing vendor!

Being the qty is small the handling cost (Duty, Freight & mould cost) is more than the materials cost. P2 price looks competitive but request you to take your decision as per your preference.

Warm Regards

Jaysheelan

Dear Jaysheelan,

As discussed with Mr. Rajgopal prices of all items is too high. So, Please arrange from other sources.

With Regards,

Atish Ranjan Panda
