Product	Aluminium Coil / Sheets
Customer Name:	Arumugam Enterprises
Specification	3mm Thk Aluminium Sheet
Alloy	1100
Temper	H2
OD/weight	NA
ID	NA
Thickness Tolerance in mm	As per standards
Width Tolerance in mm	As per standards
Surface	Smooth Finish
Build up	As per standards
Chemical Composition	As per IS 737-2008
Alloy – Deta	iled chemical composition to be given.
Mechanical properties	As per IS 737-2008
Tensile strength (Mpa)	As per standards
Tensile strength (Mpa) Target to achieve	As per standards
Elongation	As per standards
End Use	For making Door, bending, welding and powder coating

Important instructions, if any -
