Dear Sir,

Customer Name : Metal Extrusion , Bangalore

They are trying to capture the order of customer who are regularly lifting material from Hindalco and their monthly volume is also good .Due to price mismatching they are not able to get the order & asking for rebate of Rs.2\kg i.e.. Alloy charges for 1100.

As the order in single thickness and Qty is approx 7.5 MT , we may give a waiver of Rs.1\kg as a special case only for this order.

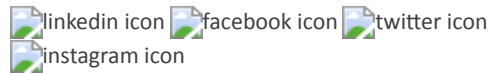

This is for your kind approval please.

With Regards,

Jitendra Singh Chauhan

Dear Sir

We have an enquiry for Aluminium sheets: 3mmx1220x2440: 1100 H-14: 300 SHEETS, kindly confirm the availability and request you to kindly wave off the alloy charges , As the prices have increased , our customers are not in a position to bear these extra charges and henceforth kindly consider this and let us the know the best price to finalize the order..

This Customer is taking regularly from Hindalco and they are not charging any extra cost for alloy charges, henceforth consider this and let us know so as to finalize this order..

Thanking you and assuring you of our best attention and support constantly at all times....

Thanks & Regards 🌸
