Dear Sir,

PFA email received from customer end. Customer has provided an electric conductivity range which is required by them.

Regarding tolerance, it was already accepted by customer.

regards,
Akhil Dudeja

On Sat, Sep 26, 2020 at 4:37 PM R Krishna Prasad <rkp@jindalaluminium.com> wrote:

Dear Sir,

Please ask the customer to give the range for electrical conductivity. We are yet to receive this. In the reply that we have sent, we have mentioned that we cannot give the Resistivity.

Regarding tolerance, please refer to the TDS (given below for your reference)

Customer Name:	UNIVERSAL CABLES LTD.
Specification	0.5 to 2.3 mm x 50 to 400 mm
Alloy	AA-1060
Temper	Soft
OD/weight	As per PO (meter/length)/kgs
ID	508 mm
Thickness Tolerance in mm	+/- 0.020mm for 0.5-1.0mm, 1.0-2.3mm +/-0.030mm
Width Tolerance in mm	+/-1 mm
Surface	Should be free from scratches, dent, brown stain, oil stain ,line mark, inclusion ,hole etc
Build up	Not telescopic more than 2mm.
Chemical Composition	As per IS 737-2008

We shall supply to the above mentioned requirements.

Regards,
RKP

Dear Sir,

If we can achieve all the parameters mentioned in the customer's data sheet then we can seal & sign their data sheet and keep it in record.

regards,
Akhil Dudeja

On Wed, Sep 23, 2020 at 5:08 PM R Krishna Prasad <rkp@jindalaluminium.com> wrote:

Dear AMit,

Please note the following :

1. Resistivity Test is not motioned in TDS provided by you.
We can give electrical conductivity (Instead of Resistivity). For this ask the customer to give their range.

2. Min. Tensile Strength is required 70N/Sqmm.
This is already covered in our TDS : Tensile strength (target to achieve)

Pl. provide Test Certificates as per our MPS :

1. 50 x 0.50 mm As per T-106.
2. 1.0mm to above thickness As per T-86.

Please refer to the dummy TC uploaded in the ERP giving details for both T - 106 & T - 86

For this, in ERP, Go to Operations.

Under Operations, go to Reports
In Reports, go to Dummy TC
Under Dummy TC, select Dummy TC AA 1060 COIL.

You can take a print and forward the same to the customer.

Regards,
RKP

Dear Amit,

PFA email received from customer end which is self explanatory. Customer has provided their technical sheet which needs to be followed for their material.

Please get it signed from our QA dept. & keep it in record for future supplies.

Regards,
Akhil Dudeja

Dear Sir,

We are still waiting for approved TDS, Please make a note as per SH. DM, No order will be released without approved TDS, however based on urgency we have released order into production & keep following up with you for TDS this is not correct.

Please Note - If we will not receive approved TDS latest by 22.09.2020, we can HOLD production of M/s Universal cable.

Best Regards,

Amit Kumar Chakraborty

Dear sir,

P.O No - 4000004283.

Refer to P.O & S.O required width is 390mm , whereas as per OCL Its mentioned 400mm please check & confirm .

Mode of Loading in S.O its EYE TO WALL whereas as per OCL Its mentioned EYE TO SKY, we will make eye to wall .

P.O No - 4000004287.

Refer to S.O Batch Wt Point (868kg length of coil should be 610) whereas same is not required by customer or not update anywhere in paper ,

Refer to OCL Mode of Loading mentin EYE TO SKY whereas we will do EYE to WALL .

Please share the customer insurance policy number if any changes from last .

Best Regards,

Vivek Chaudhary.

Dear Vivek,

PFA PO & OCL of 51 MT of M/s Universal Cable. Please process an order as we already received their advance payment of 13.78 Lakh yesterday. Also ensure that AO is sent to PPC dept. by today itself.

Cc to Surjit Ji: We are releasing an order by today itself. Customer has requested us to dispatch 1st lorry on or before 25th Sep'2020 as they need to supply the material to their end user in sept itself. We request you to adhere the dispatch date.

Regards,
Akhil Dudeja

On Tue, Sep 15, 2020 at 9:24 AM Surjit Kumar Singh <surjit@jindalaluminium.com> wrote:

Dear Mr.Akhil,

For 400 mm width , no slit should be multiple of 3. We can supply below material after 10-15 days of receipt order at our end and order should be released in the next 2 days.

Best Regards,

Surjit Kumar Singh

Subject: Re: E-Mailing Purchase Order Jindal Aluminum Limited : Aluminum Tape - (270 * 1.75)mm

Dear Rishab Ji,

As discussed, we won't be able to supply the material with resistivity. However, you can provide the range for electrical conductivity OR please arrange a conference call from a technical person so that my QA team can discuss

further.

Regards,

Akhil Dudeja
