

PROPOSAL DRAWING

The technical drawing shows two views of a mechanical component. The top view is a plan view showing a rectangular base with four elongated slots. Dimensions include a total width of 61.12, a slot width of 3, and a distance from the left edge to the first slot of 2.42. A small feature at the bottom center has a width of 4 and a height of 2.5. The bottom view is a side elevation showing the profile of the component, which is symmetrical about a central vertical axis. It features a flat top surface, sloped sides, and a stepped bottom profile. The overall height is 133. There are several blacked-out areas on both views, likely representing hidden or irrelevant details.
